About *Salvo*

Blasting holes in scientific naturalism, marveling at the intricate design of the universe, and promoting life in a culture of death. Critiquing art, music, film, television, and literature, interrupting mass media influence, and questioning the sanity of our consumerist lifestyle. Countering destructive ideologies, replacing revisionist fictions with undeniable facts, and paring away political correctness. Debunking the cultural myths that have undercut human dignity, all but destroyed the notions of virtue and morality, and slowly eroded our appetite for transcendence. Recovering the one worldview that actually works.
